ACCESS

Helping your business achieve better service through

ACCESSIBILITY and INCLUSIVITY

What is Able Access?

AMERICANS WITH DISABILITIES ACT (ADA) CONSULTATION + SERVICES

How accessible is your organization?

Providing full access to your customers is not only the law, but it's also good for business. We understand that the process of complying with the ADA can be difficult, which is why we are here to assist you by making your organization more open to all clients, including clients with disabilities.

Making your business more accessible allows you to reach a wider and more diverse segment of the population. Able Access offers the following services to assist you with providing access to people with disabilities:

- **ONSITE ACCESSIBILITY SURVEY**
- **POLICY + PROCEDURE REVIEW**
- **ONLINE ACCESSIBILITY REVIEW**
- **CUSTOMIZED PROFESSIONAL TRAINING**

Onsite Accessibility Survey

Able Access uses highly trained and qualified staff to conduct an onsite accessibility survey of your facility. Our survey and reporting process follows these easy steps:

- Onsite assessment of all features open to the public
- Identification of elements that do not meet the 2010 ADA Accessibility Standards
- Prioritization of barrier removal
- Recommendation of simple and cost-effective fixes
- Detailed reporting of the above with color pictures and diagrams

Policy + Procedure Review

The policies and procedures of any municipality should support their work to include people with disabilities in all programs, activities, and services they provide. Able Access reviews policies that oftentimes provide a stumbling block for the disability community and include the following:

- HUMAN RESOURCES
- PUBLIC MEETINGS
- PUBLIC PROGRAMS
- ADMINISTRATION/GENERAL

Web Accessibility

An accessible product is a universal product. We can help make sure your digital goods and services can be used and enjoyed by anyone. Able Access can help your company implement and improve your online accessibility. We test websites and digital content for accessibility with a wide array of tools and diverse team of testers. We follow current WCAG and 508 guidelines, consulting with our client on the results to make sure their products are compliant, accessible, and usable for everyone!

Customized Professional Training

We tailor our trainings to fit your company's needs. Some of our popular topics include:

- Understanding Disability
- Disability Sensitivity & Customer Service
- Employing + Supervising Inclusively
- ADA 101
- Creating Accessible Digital Resources
- Accessibility Assessment
- Transition Planning
- Accommodations Made Easy

Testimonials

“We have completed accessibility assessments and training with Able South Carolina, and there are few organizations that are more upbeat, helpful and cooperative.”

CITY OF COLUMBIA

“Working with Able South Carolina has been a great experience for our organization. We have found a true partner that is willing to train, explain, and think outside of the box.”
