

**SC Disability  
Vaccine Access**  
NETWORK

Protect your  
community.

**Secure  
your shot.**

Learn more at  
[SCDisabilityVaccine.org](https://SCDisabilityVaccine.org)

**Together we can protect ourselves, our friends, and our family from COVID-19. Get informed, talk to your doctor, and decide if you should get the COVID-19 vaccine.**

The SC Disability Vaccine Access Network is here for those with disabilities, family members, direct support professionals, and others in SC who want to learn more or talk to a peer in their community about the vaccine, the steps needed to make an appointment, overcoming barriers to access the vaccine, and more.

Visit [www.SCDisabilityVaccine.org](http://www.SCDisabilityVaccine.org) to learn more about the COVID-19 vaccine and how to make an appointment.

The SC Disability Vaccine Access Hotline is also open Monday through Friday, 9 a.m. to 5 p.m. at [1-800-787-6046](tel:1-800-787-6046) for help making an appointment, answering questions about the vaccine, or for help providing access to a vaccination location.
