What is the Ticket to Work Program?

The Ticket to Work program is designed to help reduce dependency on Social Security and SSI cash benefits. Work Incentives can allow you to keep your benefits while you explore employment, receive vocational support, and gain work experience.

- Ticket to work is a FREE and voluntary program.
- The program is for Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) beneficiaries ages 18 through 64.
- Participants in the Ticket to Work program should have a long-term goal to end reliance on social security benefits (SSI/SSDI)
- Safety nets are available so you can keep your Medicare or Medicaid and in some cases your cash benefits
- Participants receive individualized employment services

Why choose Able SC as your Employment Network (EN) or Employment Services Provider?

FOCUSED ON YOUR INDEPENDENCE

We are an organization not about “helping” people with disabilities but built on the central concept of self-empowerment. This philosophy applies to how we manage the Ticket to Work program and our Employment Services.

You’ll receive personalized, individual attention to achieve the work goals that you want to accomplish. More than half of our staff are people with disabilities waiting to partner with you on your employment journey.

We’ve been in your place, know what the barriers are, and are happy to share our experiences in achieving successful employment outcomes.

Ticket to Work program & Employment Services
